

# TSS\_const | eld vs kin | gamma=0.1

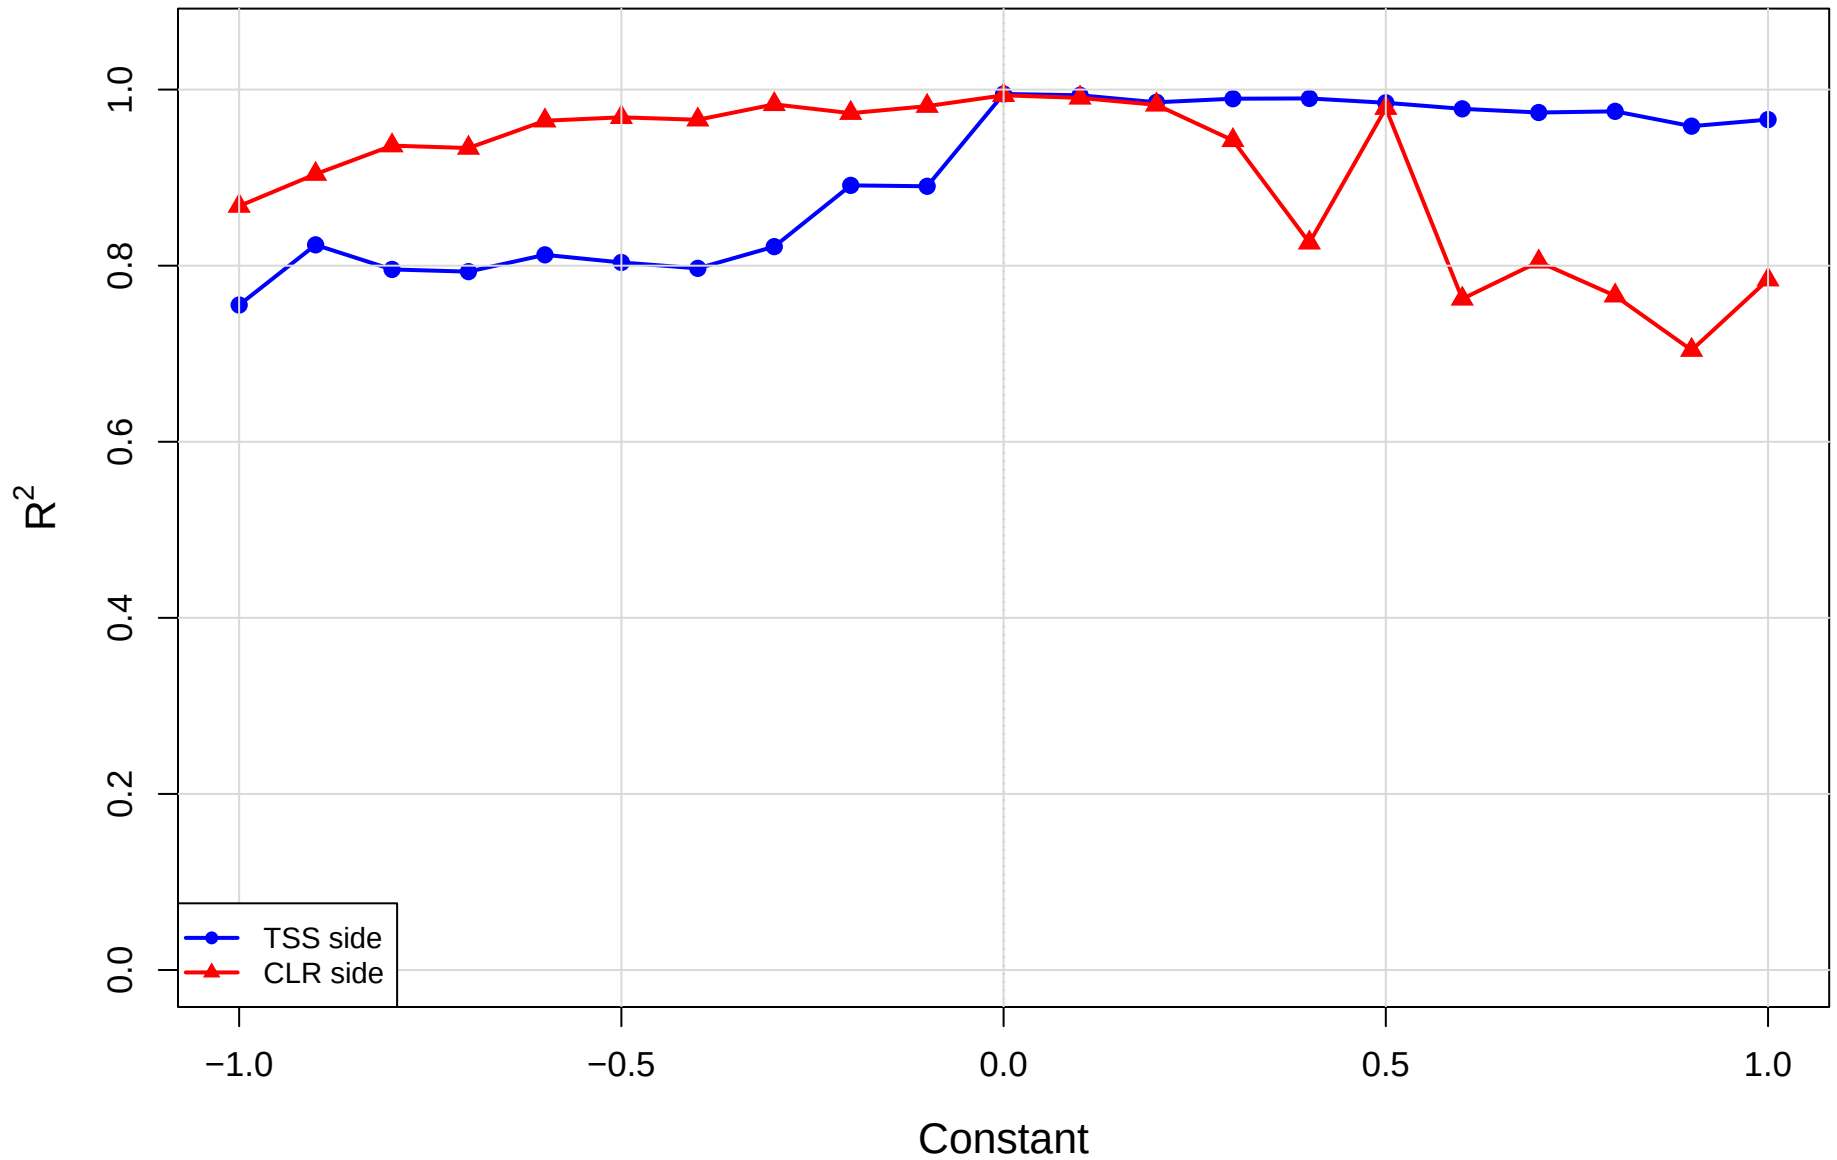

Slope of red-dot regression

TSS\_const | eld vs kin | gamma=0.1  
Intercept of red-dot regression

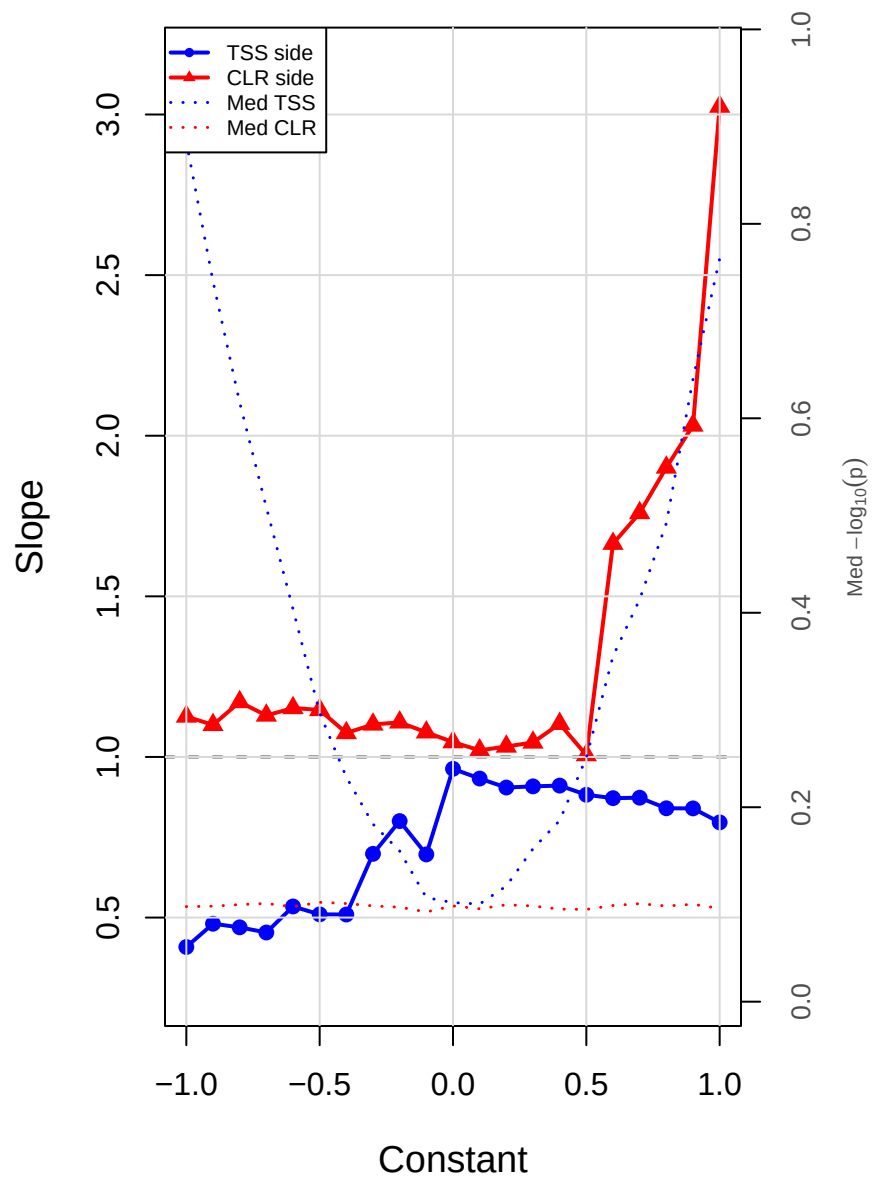

TSS\_const | eld vs kin | gamma=0.1  
R-squared of red-dot regression

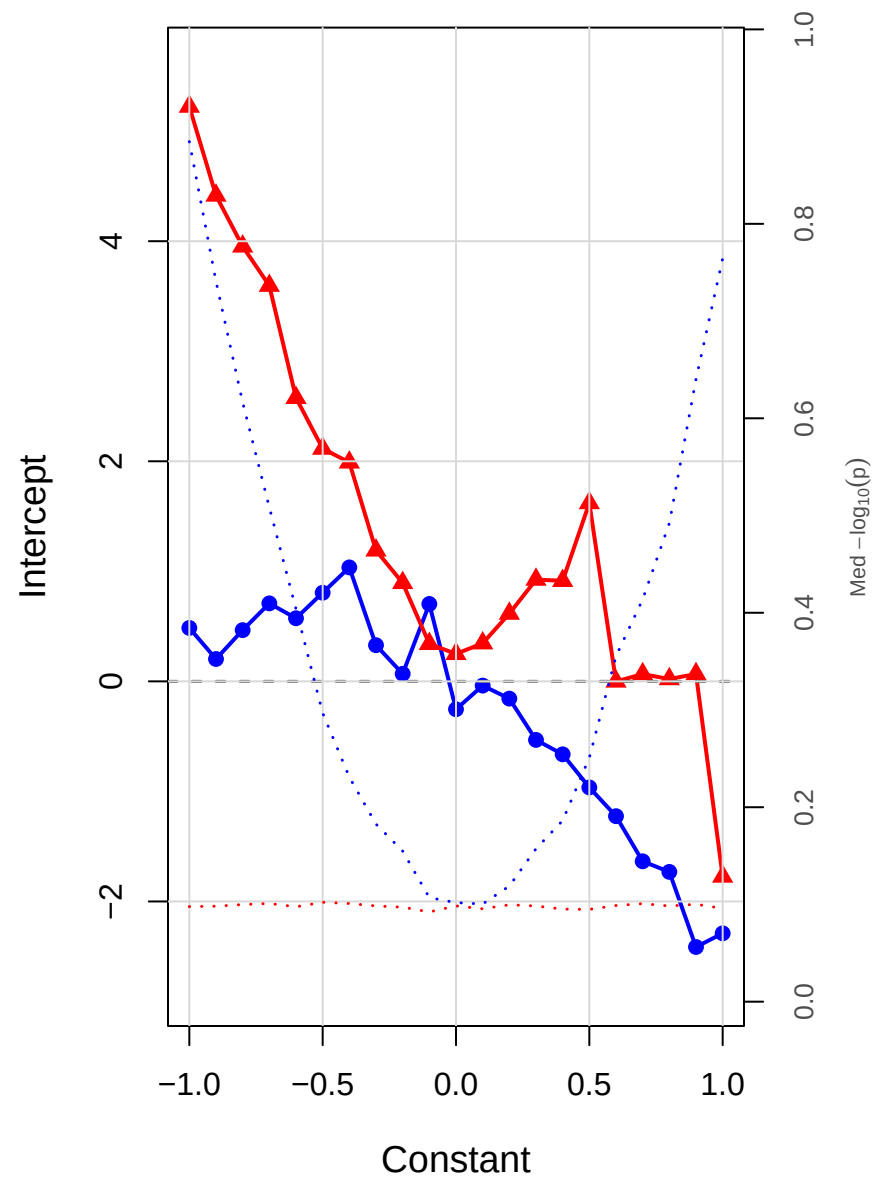

TSS\_const | eld vs kin | gamma=0.1

Slope

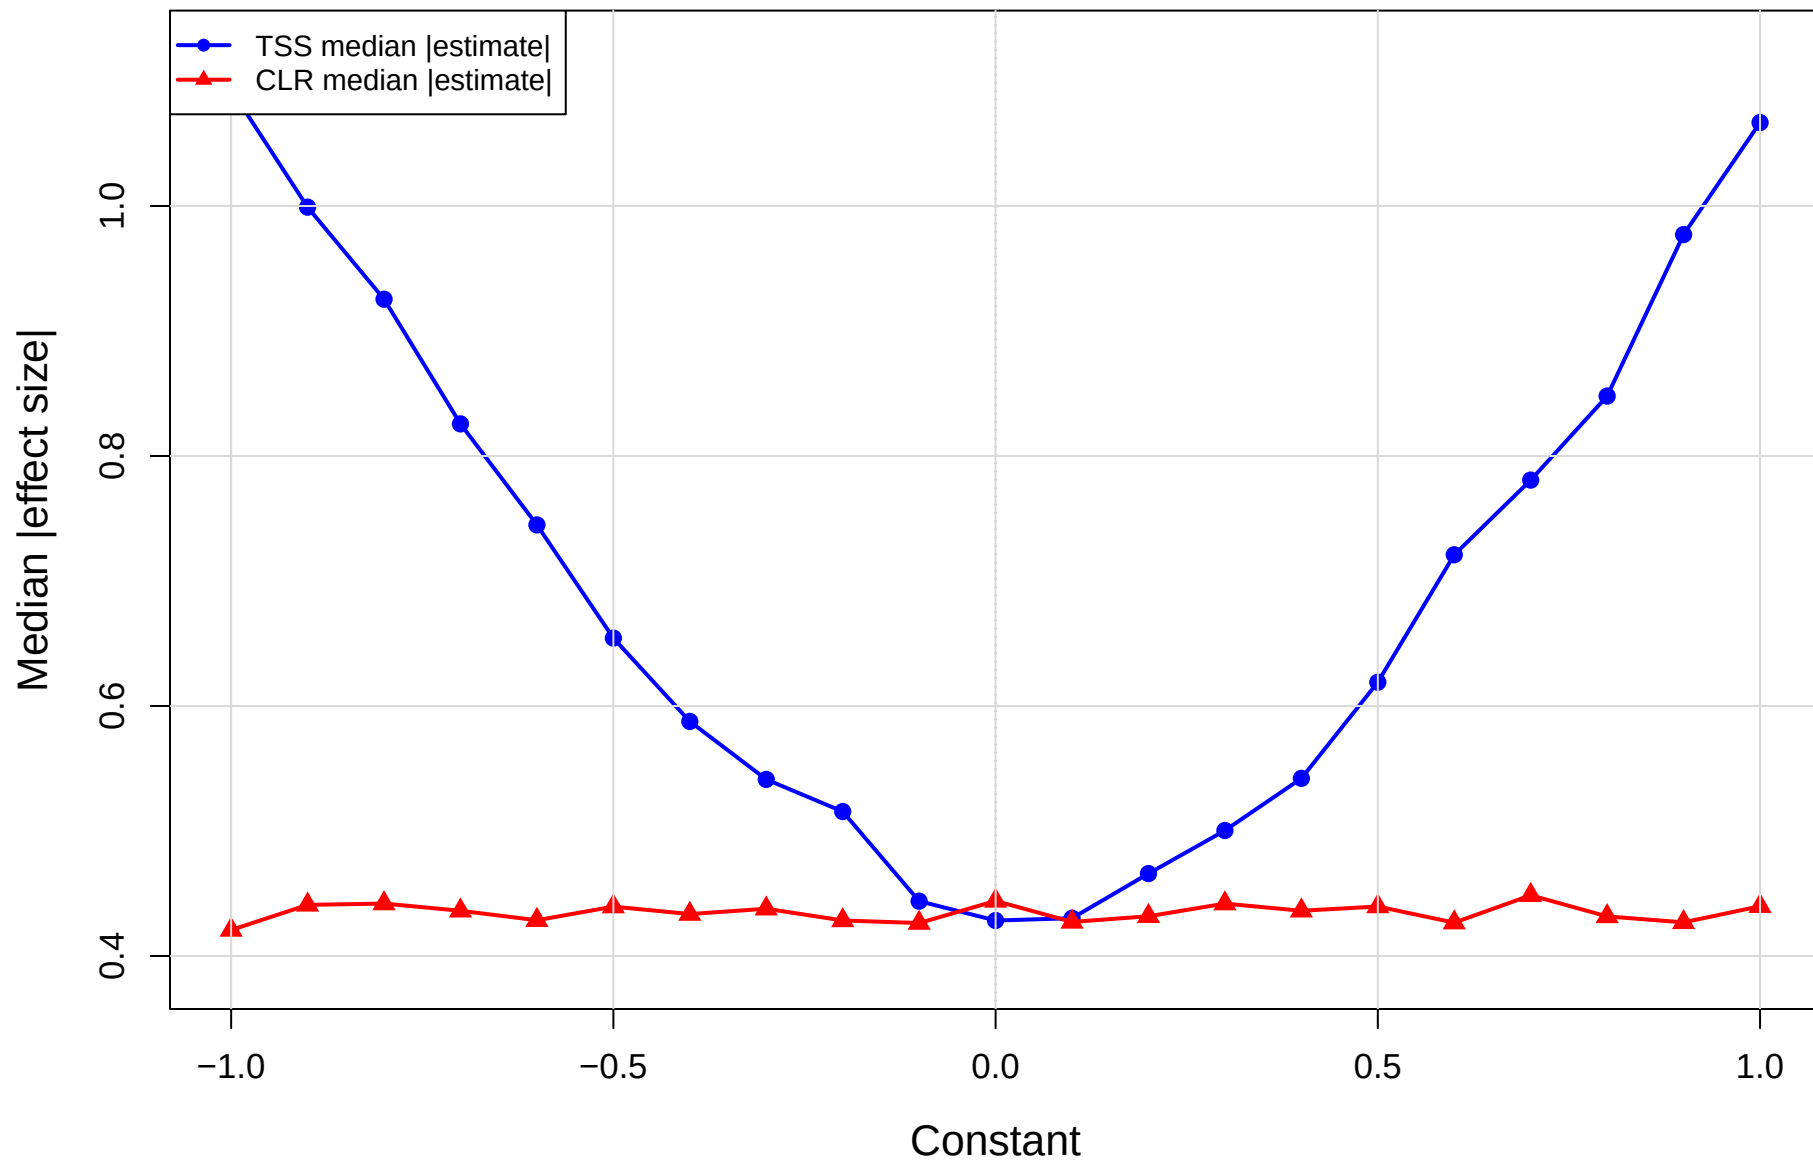

TSS\_const | eld vs kin | gamma=0.1

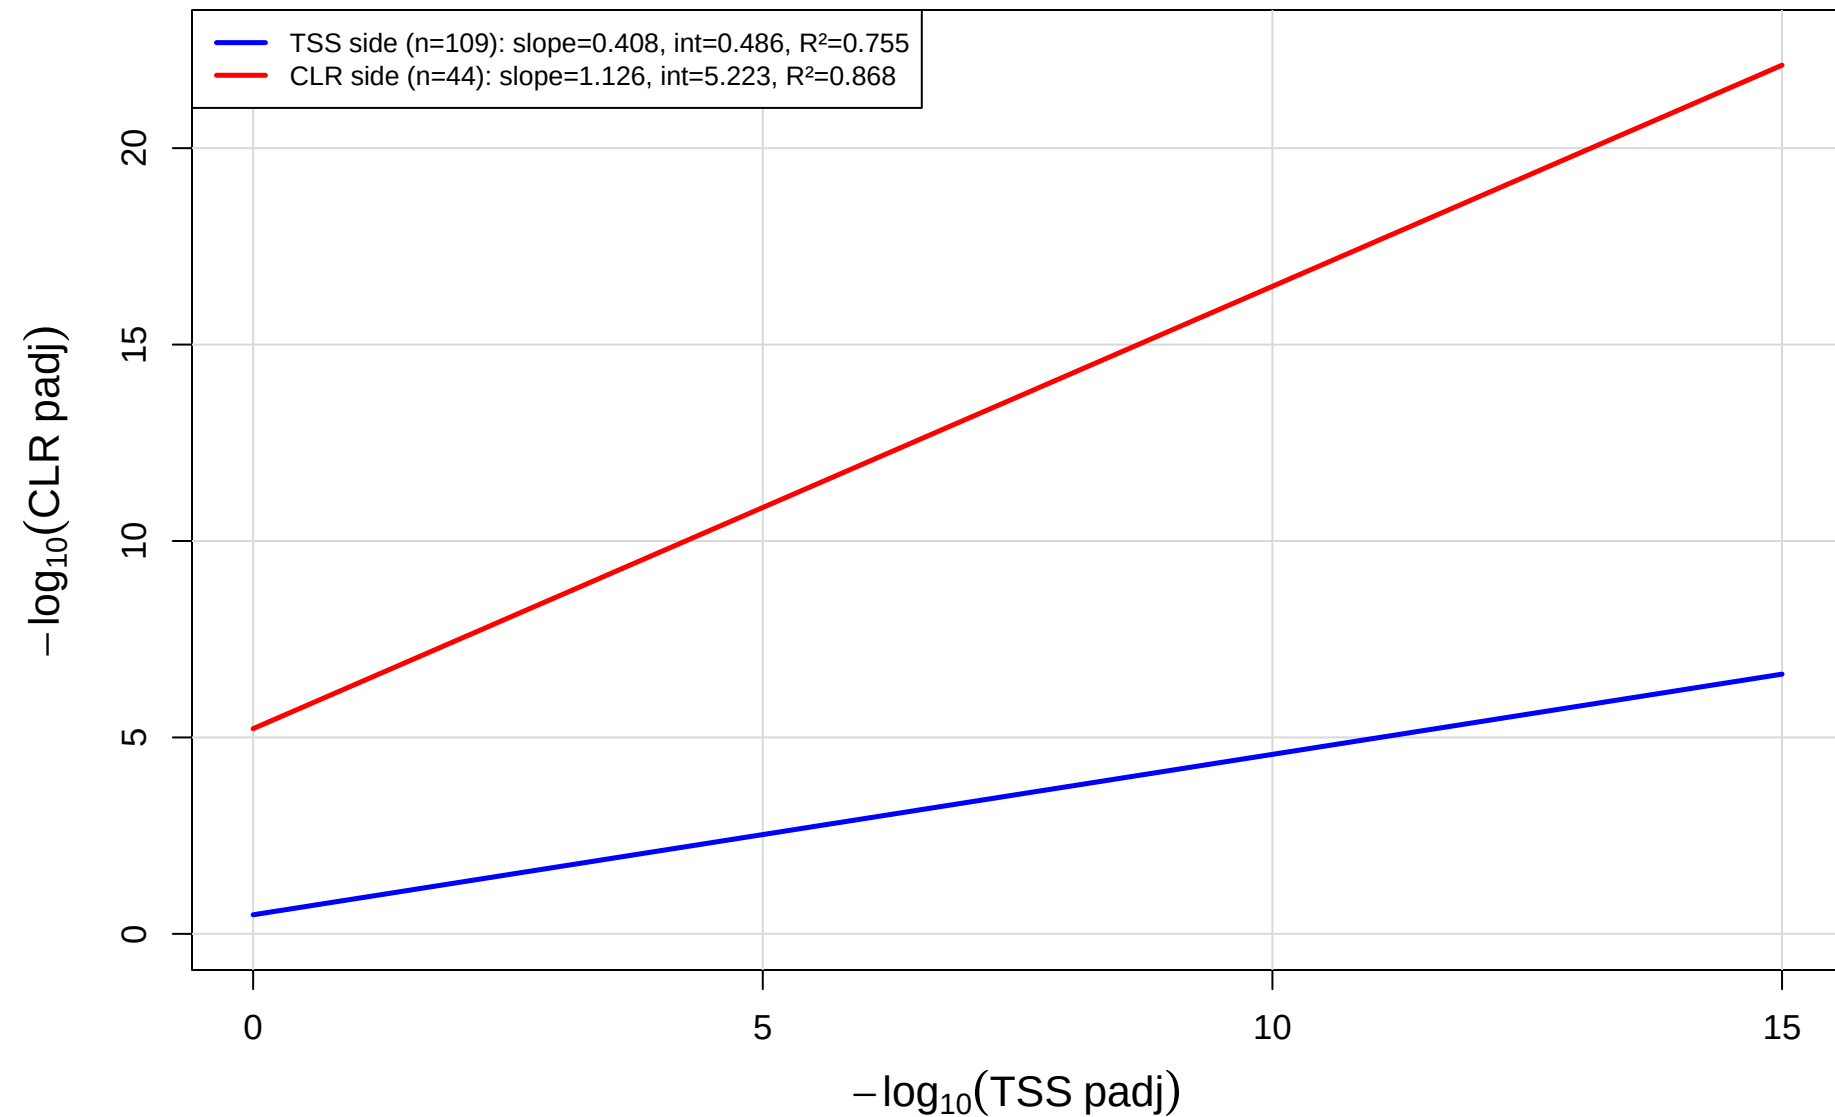

Intercept

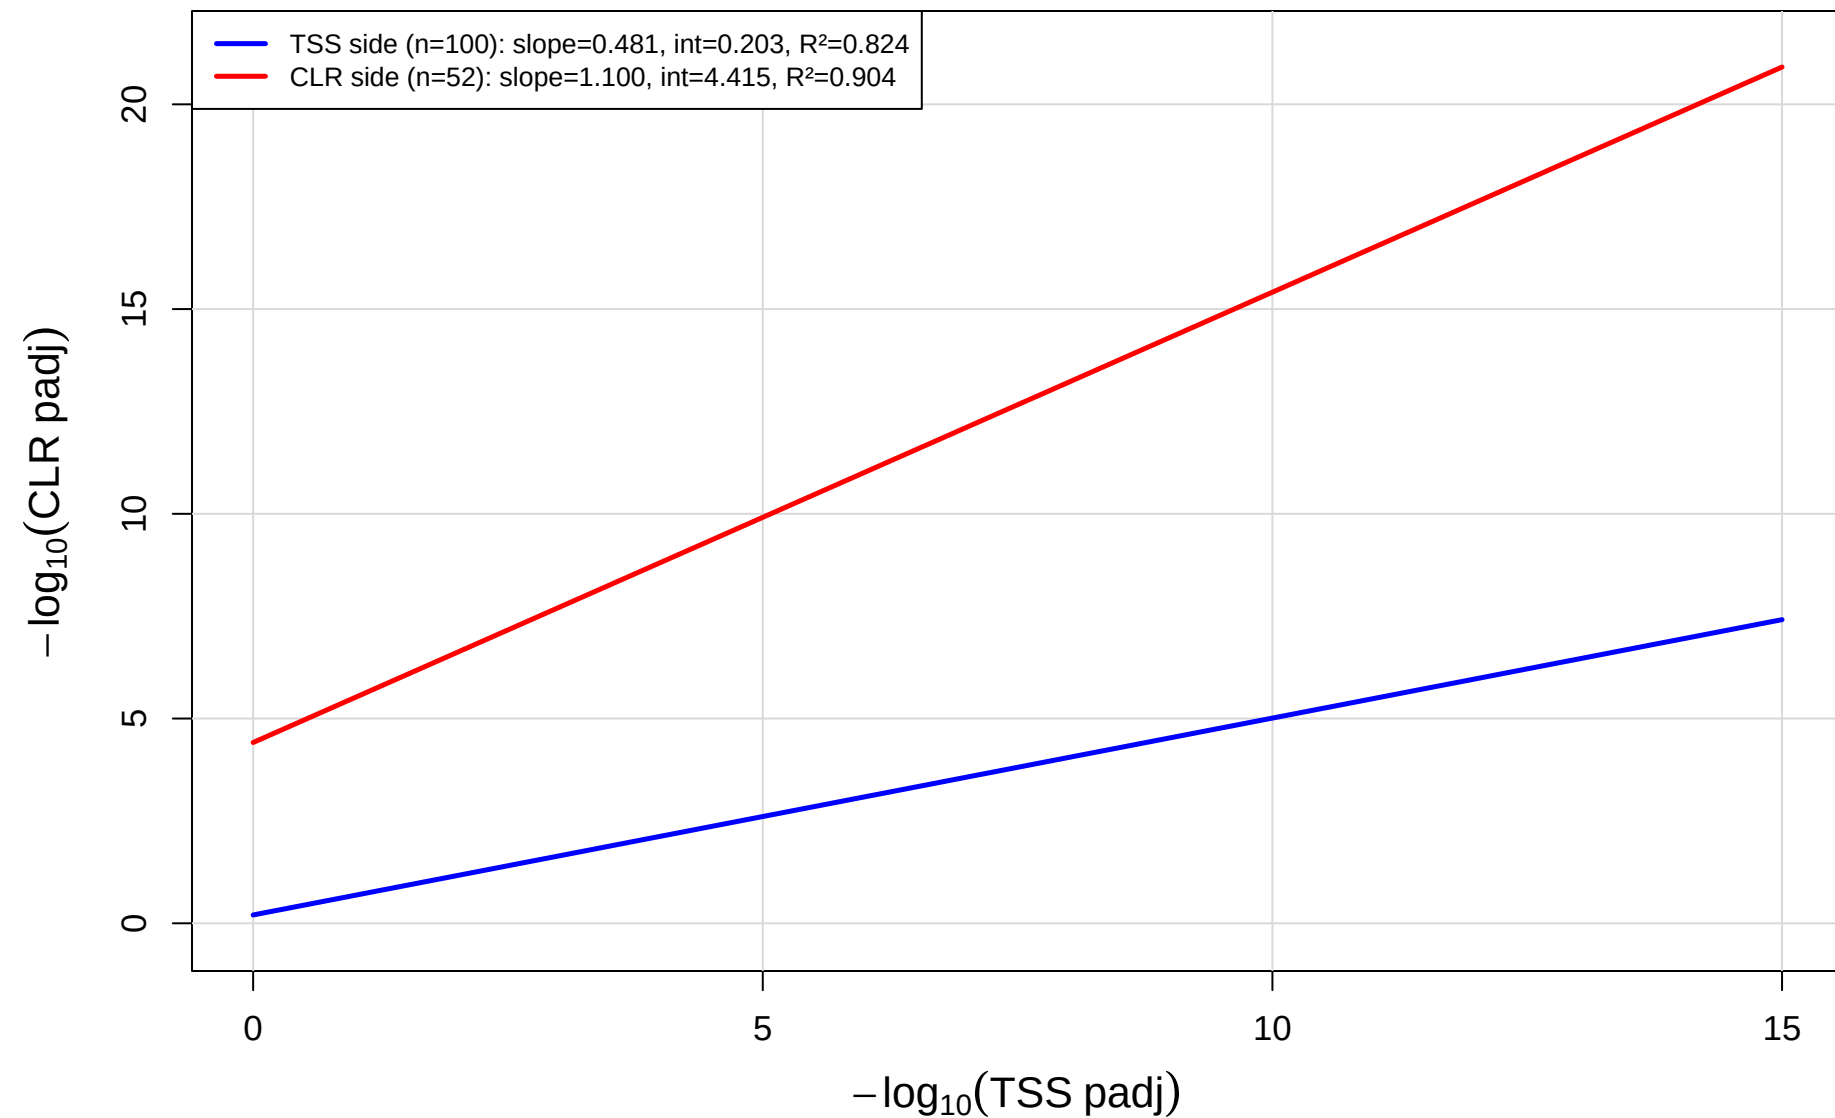

TSS\_const | eld vs kin | gamma=0.1  
Median absolute effect size across all features

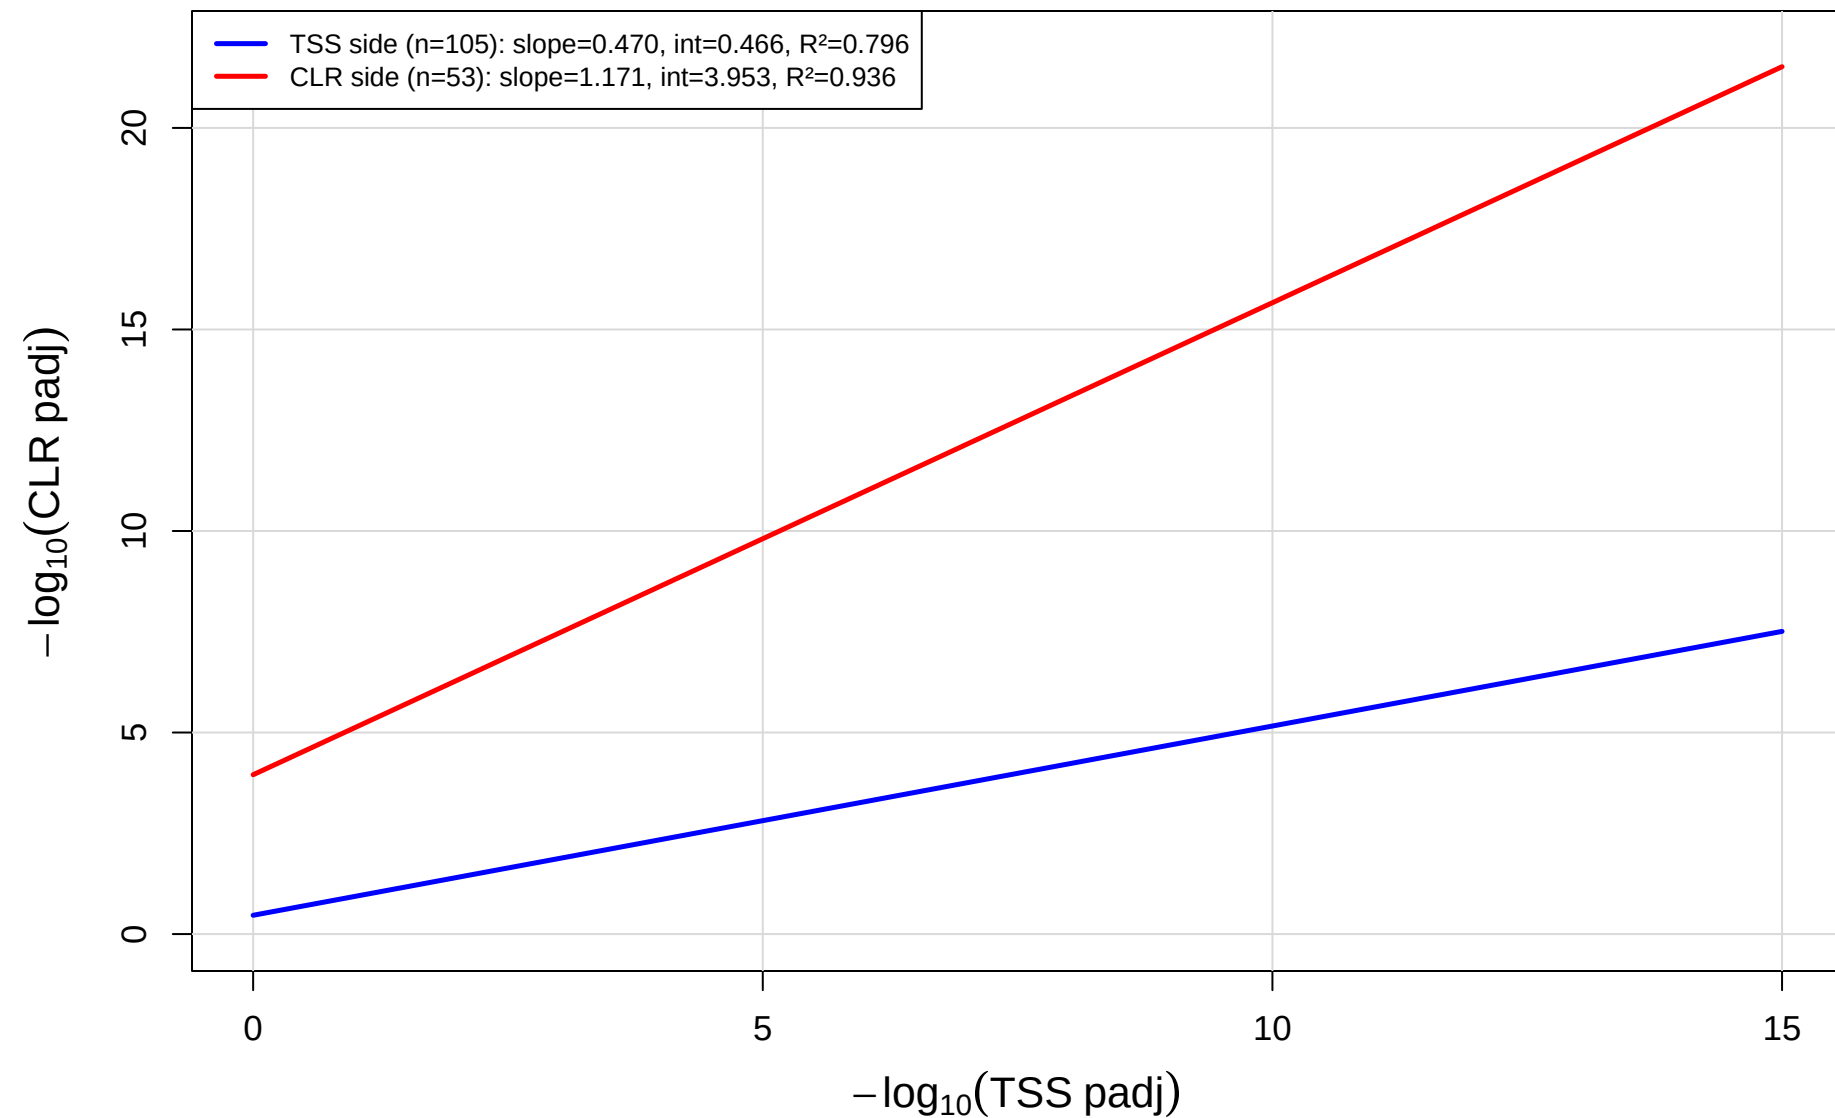

TSS\_const | eld vs kin | gamma=0.1 | constant = -1

TSS\_const | eld vs kin | gamma=0.1 | constant = -0.9

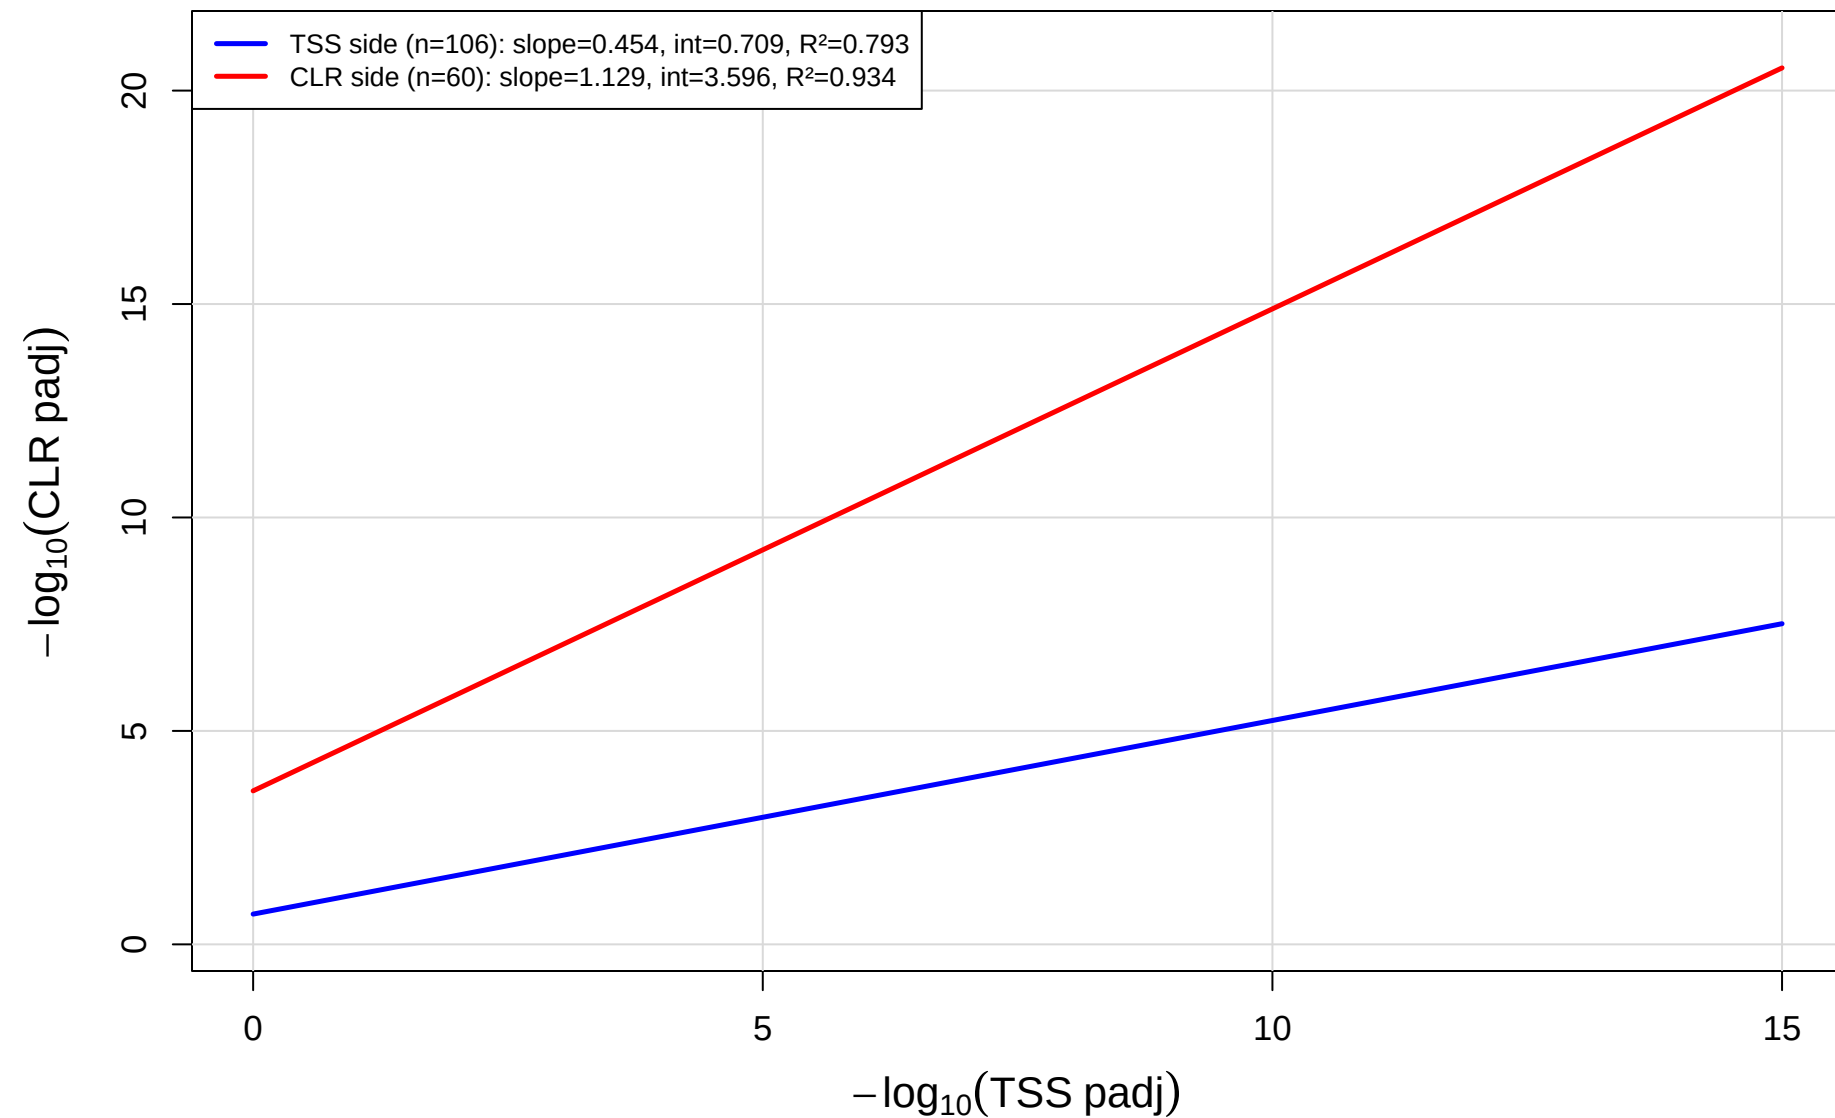

TSS\_const | eld vs kin | gamma=0.1 | constant = -0.8
